

## **MAKE YOUR VOICE COUNT**

Whether or not you are able to attend the National Forum on Mesh in Melbourne on 5<sup>th</sup> April, you can make sure your voice is heard.

We are inviting mesh injured people to send a 90 second video statement that can be aired on the day reflecting your own experiences, hopes and concerns.

It can be

- a statement about your own personal journey;
- a call to action to politicians and health professionals;
- a statement of support and encouragement to others coping with injury;
- anything you want to say that can be publicly aired.

All you need is access to a smart phone (or other camera) and the internet so you can dispatch your video to us.

Please keep your statement to 90 seconds. We do reserve the right to edit videos but will avoid this as much as possible.

If you would like to make a statement but would prefer not to record a video, we would welcome a written piece of up to 350 words that we could read out on the day. We will make these anonymous if requested.

Both videos and written statements can be uploaded into our Dropbox by using the link below:

[Mesh Forum Videos and Statements](#)

Please note: video and written statements will only be used on the day of the Forum.

This is an opportunity to have your say and be heard.
